AWR-213—Critical Infrastructure Security and Resilience Awareness Training

February 17, 2016 • 8am to 5pm

Kansas National Guard, Eisenhower Center • 2800 SW Topeka Boulevard, Topeka, KS

This course will introduce participants to the key terms, policy, guidance, and preparedness efforts required to safeguard the Nation's critical infrastructure. Participants will discuss the risk management framework, describe Federal critical infrastructure security and resilience and information sharing program, and relate critical infrastructure programs to individual actions.

Focus will be placed on local preparedness efforts as they relate to the national approach to critical infrastructure security and resilience, enabling stakeholders to address local planning within a common framework.

Informed planning is consistent with accepted emergency management standards as the basis for planning across the mission areas of prevention, protection, mitigation, response, and recovery.

Individuals completing this course, in combination with MGT-310, MGT-315, and MGT-414, are awarded the TEEX Infrastructure Protection Certificate.
